

## Luminous launches 2 new fans as a part of its 2017 designer fan collection

**Luminous Power Technologies** has introduced two new fans, further strengthening its Home Electricals portfolio to suit the varying demands of its widespread customers. The new fans called **Deltoid** and **Trigon** will add more glamour to the **2017 designer fan collection** of Luminous. Both the fans are best in class in terms of performance giving High Speed output and High Air Delivery to the consumer. **Deltoid** is exclusively designed to add an “X-Factor” to home décor along with giving a great performance. This fan has been crafted to give an elegant and premium modern look with a wine glass style canopy & sleeve to cover down-rod. This fan is available in four different colours like *Espresso Gold, Magnet Grey, Silky White and Silver Chrome* ; priced at Rs. 3040/-. **Trigon** is a personification of beauty achieved through simplicity. Its aerodynamically designed wider blades result in higher air delivery & better air thrust. This is accompanied by a powerful motor, which is designed to produce a very high speed of rotation. It is available in various colours like *Magnet Grey, Sandstorm Gold and Silver White*; priced at Rs. 2990/-.
